Draft amendment.

(1) At the end of rule 5, add the following as a sub-paragraph:—

Form of Notice to be given.—(a) The application for original licence of a steam vessel shall be made by the owner to the Executive Engineer of the division concerned at least six weeks before the licence is required. In making such application the owner shall give the name and address of the person to whom notice of inspection of the vessel should be given.

(b) The inspection of the hull and the machinery of the steam vessel shall be made by the Executive Engineer or any person deputed by him within ten days of the receipt of the application.

(c) As soon as possible after such inspection the Executive Engineer shall, if the hull and the machinery be in good condition, give notice to the owner of the vessel to be inspected and the name and address of the person to whom the notice of inspection should be given.

(d) On receipt of such notice the Inspector shall arrange to fix a date for inspection which shall be within thirty days of the receipt and shall give the owner or the person named by him fourteen days' notice of his intention to inspect stating what preparations should be made for his inspection.

(e) If, on such inspection, the Inspector is satisfied that the boiler is in good condition, he shall issue to the Executive Engineer the vessel boiler certificate to that effect, specifying the maximum pressure at which the boiler may be worked and the period for which such certificate shall be in force.

(f) On receipt of the boiler certificate the Executive Engineer or any officer empowered by him shall grant a certificate of inspection in Form G attached to these rules and also a licence either in Form A or B attached to these rules as the owner of the vessel or his agent may elect provided the Executive Engineer or the officer empowered by him is satisfied that the vessel is in charge of a competent crew.

(g) All licences shall expire at the end of the period for which the certificate in Form G is granted. If the owner wishes to ply his steam vessel beyond the period covered by such certificate, he shall give notice of his intention to do so, to the Executive Engineer at least six weeks before the date of the expiry of such certificate.

(h) In the event of none of the Inspectors of Steam Boilers being able to inspect the vessel before the date of the expiry of the certificate, provided the six weeks' notice has been given, the "chief Inspector of Steam Boilers, Madras," shall instruct the Executive Engineer that no inspection is available and the Executive Engineer will endorse the vessel certificate in Form G attaching it until such time as arrangements can be made for the inspection of the boiler. The period of such extension shall not exceed two months.

(i) In rule 15, after the second sentence the following shall be added:—

"The procedure described in rule 5 in regard to the licensing of steam vessels shall be followed in the case of the registration of such vessels."

(j) Substitute the following for rule 42:—

Rule 42. Inspection of motor vessels.—All motor vessels shall be inspected by the canal officer before they are licensed and once every year thereafter to see that they and their machinery are in good working order and that they are in charge of a competent crew. Certificate of inspection shall be issued in Form G appended to these rules. In the event of such deterioration of the machinery as may in the opinion of the inspecting officer cause danger, the licence of the vessel shall be suspended or suspended.

(k) In Form G attached to the rules for the word "steam" occurring in line 1 substitute "motor" and for "six months" substitute "1 year."

1. Add the following proviso to rule 1 of Order XIII of Schedule I of the Code of Civil Procedure, 1908:-
- "Provided that in appeals from appellate decrees the Memorandum of Appeal shall be accompanied by a copy of the decree appealed from and four printed copies of the judgment on which it is founded, one of them being a certified copy; and also four printed copies of the judgment of the Court of First Instance, one of them being a certified copy."
2. Make the following changes in the Appellate Court Rules, 1953:-
- (a) Delete the provision rule 108;
- (b) In rule 43, clause (1), for the words "shall be done by the Magistrate" substitute "may be done by the Magistrate if directed by the Chief Justice by a special or general order";
- (c) Delete clause (2) of the said rule and for the provision clause (4) substitute:-
- "A list of all appeals not so applications registered for hearing after notice shall be affixed to the notice board of the Court as soon as practicable after the appeals or applications have been registered."

(D) For the existing rules 42 and 43 substitute the following:—

"42. (1) When presenting the memorandum of the grounds of appeal from an appellate decree or order the appellant or his pleader shall also present (i) printed or typed copies of the decree or order of the Court of First Instance and (ii) printed or typed copies of all papers on which he intends to rely, should the appeal be posted for hearing under Order XLII, rule 1, and where necessary with Order XLII or Order XLIII, rule 2 of the First Schedule to the Code of Civil Procedure, 1908.

Provided that where any paper on which the appellant intends to rely is not in the English language and the appellant appears by pleader, printed or typed copies of English translations thereof, certified by the pleader to be correct translations, may be presented in lieu of copies of such original paper.

(2) The provisions in clauses (1) above shall apply as far as may be necessary to appeals from an original order.

"43. The Registrar may post any appeal from an appellate decree or order before a Bench of two Judges for hearing under Order XLII, rule 41, and where necessary with Order XLII or Order XLIII, rule 2 of the First Schedule to the Code of Civil Procedure, 1908. Notice of the date of such hearing shall be given by posting a list of appeals to be so heard on the notice-board of the Court seven clear days before the date of hearing."

(4) In rule 44 after the words "in fixing the date" insert the words "under Order XLII, rule 15".

"If an appellant requires more than two copies allowed him by this rule, such extra copies shall be supplied to him at payment of charges calculated at a rate not exceeding one anna per page."

(4) Amend the present clause (5) of the said rule as clause (7) and insert the following as clause (5) and (6):—

"(5) When a copy of the judgment or order passed by an appellate court is applied for by a party to the suit or proceeding or appeal for the purpose of appealing against it to the High Court, such copies shall likewise be printed.

On receipt of such application, the Superintendent, magistrate or other officer may, unless the applicant otherwise requests, sell also for the judgment or order of the Court of First Instance, against which judgment or order was passed the appeal, and shall collect the necessary charges for printing both. In such case the printer shall, ordinarily, supply eight printed copies six of which shall be delivered to the applicant.

Out of the six copies delivered to him, he shall be charged for two of such copies at the rate mentioned in clause (2) above and for the others he shall be charged at a rate not exceeding one anna per page."

"(6) If the applicant applies for more copies or if any other party to the suit, appeal, proceeding or contested suit in cases where there is one judgment or order for several contested suits applies for copies before the order is issued for printing or within a week of the application, whichever is longer, such copies shall be supplied at payment of charges calculated at a rate not exceeding one anna per page."

If any application is made after such date, the full printing charges must be paid and such application will be dealt with irrespective of any other.

"(7) In order to show more, when required, why an appeal from an original order or from an appellate decree or order should not be dismissed without notice under Order XLII, rule 15, and where necessary with Order XLII or Order XLIII, rule 2 of the First Schedule to the Code of Civil Procedure, 1908, a party may apply to the District or Subordinate Judge's Court to print a decree or any other paper or if it is not in the English language may present for printing a translation in English of the same, certified by his pleader to be a true translation; such applications shall be dealt with in the same manner as applications for the printing of appellate judgments, provided that printed copies can be delivered to the applicant with copies of the judgments for which he may have applied under the above rules."

4. Tenders may be submitted for either or both of the above areas. The license will be for 10 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon with the option of renewal for another 10 years or, terms to be notified by the Government of India. However, but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the working of such buildings, as from the date on which the agreement is signed and the security money deposited.

5. The felling will be regulated by the working plan submitted, or to be submitted, by the Government of India. The two areas specified in paragraph 3 above will each be divided into three sub-periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 14th and 21st years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local either class trade purposes and for local civil works, and in any sub-periodic block on the expiry of the period allotted for the working thereof to raise license or otherwise provide for the felling, extraction, and disposal of timber which the licensee have omitted or are not bound to extract.

2,000 tons of third class logs.

(ii) From the Middle Andaman:—

2,000 acres of land over 5 feet in girth,

2,000 exploitable assumed trees,

which may be expected to yield:—

4,100 tons of first class logs,

2,800 tons of second class logs,

4,000 tons of third class logs.

The returns for the last six years of the license will be determined by working plan to be drawn up hereafter.

7. All felled timber will be sold to be at the risk of the Licensee and to be liable to the payment of royalty which must be paid before removal from the islands or otherwise to a sawmill.

9. For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled:— but thereafter royalty at such regular rate will be payable as follows:—

(1) For the North Andaman, Rs. 1,50,000 per annum.

(2) For the Middle Andaman, Rs. 1,50,000 per annum.

(3) For the South Andaman, Rs. 2,00,000 per annum.

10. Except with the special permission of the District Forest Officer all produce from wood or bamboo which have been marked by the Forest Officer as in their opinion work convenient must be felled and royalty paid on them.

11. Should the Licensee desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands.

12. The Licensee will be subject to such restrictions as the Government of India may prescribe in respect of communication between their employees and the local population in the Andamans.

13. Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labor force will be permitted free of taxation.

14. Facilities will be provided at Stewart Island for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair.

15. Such produce timber as may be available from departmental working in the areas not included in the first paragraph of this notice, or in sub-paragraphs in which felling and extraction of timber has been completed by the Licensee in accordance with the provisions of paragraph 4 above and as may not be required for local consumption on the islands or for use in State-owned factories or other Government departments in India and Burma, will be sold either by public auction or by private tender, provided that the quantity to be so sold annually, commencing from the first of January 1915, shall not exceed 200 tons of square and 1,000 tons of roundwood. There will be no limit to the quantity of timber other than produce which may be extracted from the areas under reserve, and no restriction as to its disposal.

16. The Inspector-General of Forests, India, will exercise all the further in connection.

17. Tenders must be submitted in forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture, and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs. 1,000 in cash or in Government securities. The deposit will be returned to successful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified, the agreement referred to below.

18. All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which may be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture, India. The agreement must be signed within three months of the acceptance of the tender.

19. Tenders marked "Tender for Andaman Timber License", should be submitted as to the Secretary to the Government of India in the Department of Revenue and Agriculture, India, on or before the 1st September 1915. The Government of India do not undertake to accept the highest or any tender either for produce or for other timber, or to assign any names for the successful acceptance of any tender.

20. Without the written sanction of the Government of India no tender, assignment or sub-letting of their license by the Licensee will be valid.

202. Read letter No. 120, dated the 14th March 1915, from the Commissioner of Police, Madras, forwarding for approval a reward order for the case of the Harbour Police boat amounting to Rs. 124 per annum, instead of the existing order amounting to Rs. 84.

Resolved that the reward order be approved payable to Port Trust funds.

203. Read again Port Trust Board Resolution No. 16, dated the 12th May 1914, sanctioning an expenditure of Rs. 1,000 on a shed erected on the Port Trust premises for the use of the Madras Trading Club, and fixing a rent of Rs. 25 per annum for the use by the Club of the accommodation provided.

Read a note by the Chairman presenting a plan and an estimate amounting to a further sum of Rs. 1,500, for the development of the Club buildings, made, viz., in order to meet expenses.

Resolved to approve of the further estimate and plan and to submit the same to the Government, No. 1,000, to Government for their sanction, to be held in Capital under section 26 of the Port Trust Act. The rent to be collected in Rs. 25 when the additional accommodation asked for is provided.

204. Read and approved a draft letter by the Chairman to the Chief Secretary to Government, Marine Department, requesting for sanction (1) a reappropriation statement, proposing certain modifications of the premises made, in the revised estimate for 1914-15, for certain capital works and (2) a reappropriation statement showing additional amounts required under Revenue head 3, Engineering and maintenance, in satisfaction of the reappropriation sanctioned in G.O. No. 83, Marine, dated the 14th March 1914.

205. Read the Chairman's letter to Government No. 2094, dated the 12th February 1915, and Government order thereon, No. 82, Marine, dated the 10th March 1915, sanctioning certain "summons" of Port Trust funds, and suggesting that the distribution brought to notice in the Chairman's letter might disappear if clause 6 (c) of the "Conditions and services" attached to the Trust's Bonds of Return were amended in the manner suggested in the accompanying order.

Resolved that Government be asked to sanction the following amendment of clause 8.

8. *Storage space*—(a) *Statement of dues*—Persons requiring to rent space for the storage of their goods on the Treaty premises may obtain it if available, by making application in writing for a period to the limit prescribed by the Treaty. Time is time. But it will be to the Treaty's discretion to consent or to refuse to allot such space, and an allotment will not be made unless the application has been made before the deposit of the goods. Storage space may not be sublet.

234. The Chairman explained that certain misunderstandings have arisen as to the interpretation of clause 8 (f) of the "Conditions and Services" attached to the Treaty's Scales of Rates, and after discussing it was resolved as follows:—

Resolved that Government be asked to sanction the substitution of the words "per rate for port" in lieu of the word "port" in the second line of the clause. Also that the Treaty's Executive staff be instructed that a calendar month is intended to be understood as, e.g., the month of February, not of June, and so on, and not, e.g., from the 25th of February to the 25th of March.

STATEMENT OF OBJECTS AND REASONS.

The existence of a state of war in which His Majesty's Government is engaged here, as in England, demonstrated the necessity of arming the executive with certain special temporary emergency powers requisite to secure the public safety and the defence of British India.

Further since the commencement of the war, there have been outbreaks of lawlessness in certain areas, the prompt punishment of which is essential to the interests of the public security.

The present Bill confers powers on the Governor-General in Council to make rules to meet the first object in view while in those areas to which the special provisions may be extended it provides for the creation of special tribunals for the more speedy trial of certain classes of offences which may be made over to them.

The Act will be only in force during the continuance of the present war and for a period of six months thereafter.
